

MENTAL HEALTH SERVICES FOR HEALTH PLAN OF SAN JOAQUIN MEMBERS

Beacon Health Strategies is the behavioral health partner of Health Plan of San Joaquin. Use this information to access mental health services for the Health Plan of San Joaquin's Medi-Cal members.

Beacon covers **individual and group therapy, psychiatric consultation and psychological testing** for Health Plan of San Joaquin members with mild to moderate impairments. Members do not need a PCP referral to access mental health services, but must undergo a brief telephonic screening to ensure their condition is mild to moderate. If the member's condition is severe, Beacon will assist in transitioning the member to the county Mental Health Plan for care.
