

Health Education Committee

What is the Health Education Committee (HEC)?

The HEC is a space where various service-oriented organizations can come and learn about the population efforts Health Plan of San Joaquin is taking. It's an opportunity to have critical conversations so we can begin collaborating on innovative projects to address the same populations many of us serve. The health education team at HPSJ is interested in addressing the root causes of health inequities. Reaching our internal goals is just as important as helping our partners reach their goals.

What is the purpose of the meetings?

The purpose is to share tools, training opportunities, webinars, or other information that has the potential to help the various agencies within both counties we serve. Many coalitions, boards, or committees exist in both counties and we aim to be another committee that shares information with transparency to build honest and engaging partnerships.

Who should join?

Any organization in either communities HPSJ serves so we can unite and address concerns to ultimately reach all of our goals together.

Where to get more info?

Please contact **Jessica Nila** Health Education Specialist jnila@hpsj.com or direct line at **209.933.3635**

How often are meetings?

- **Meeting Frequency:** Bi-monthly, 4th Wednesday of the month
- **Where:** [Web Meeting via Microsoft Teams](#)
- **Time:** 11:30 AM – 12:30 PM

2021 Calendar Meetings
