

Jiva Quick Reference Guide

To access the authorization submission site (Jiva), you must have access to the Health Plan provider portal, Doctor Referral Express (DRE).

To submit an authorization request via the Jiva platform, select “Auth Portal” as shown on the menu below.

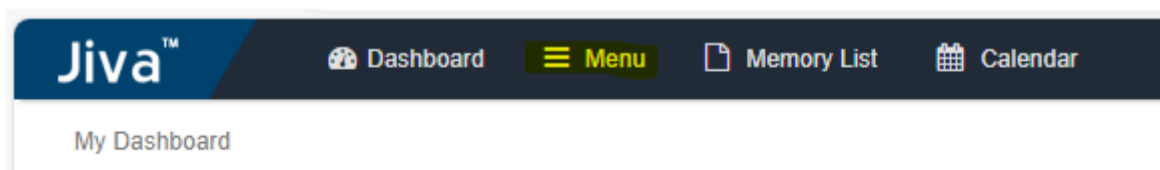

Once selected, you will be routed to the Jiva Dashboard.

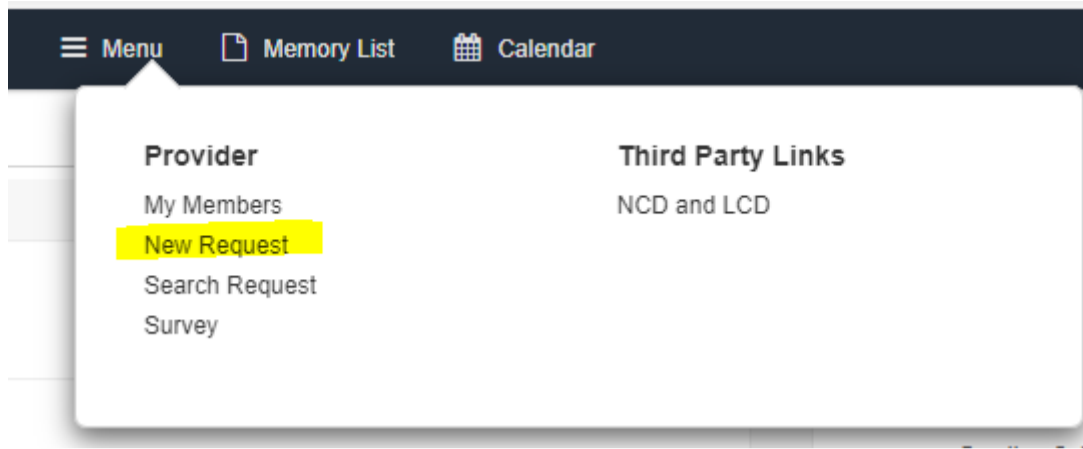

Getting Started

1. Select Menu

2. Select New Request

Note: All * are required fields.

3. Enter Member ID. You can search for members by entering the Health Plan Member ID Number; this number starts with '200 series'.

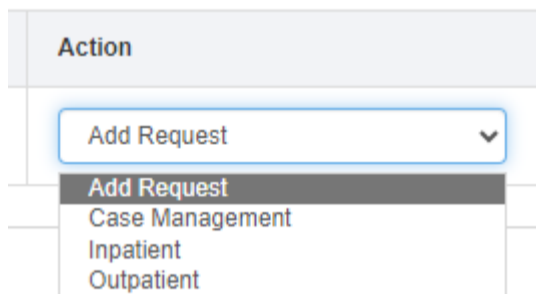

4. Select Search

On the Member Search Result, go to 'Action'.

A screenshot of the 'New Request' form. The form has fields for Member Last Name, Member First Name, Member DOB, Client, Member ID Type (set to 'Coverage ID'), and Member ID (set to '54321'). Below the form is a table with columns: Jiva Member ID, Member Name, Member Date of Birth, Gender, Coverage ID, Subscriber ID, Coverage Start Date, Coverage End Date, Group Name, and Action. The first row shows Member ID 159145, Name Reeves, Keanu, DOB 01/01/1980, Gender M, Coverage ID 54321, Start Date 07/01/2023, End Date 12/31/2030, Group Name Medi-Cal. The 'Action' column has a dropdown menu with options: Add Request, Case Management, Inpatient, and Outpatient.

5. Action

Select the dropdown.

6. Select the 'Action' that applies to your authorization request.

7. Enter the details in the Episode Details section as described in the following table:

A screenshot of the 'Outpatient Request' form. The 'Episode Details' section has 'Request Type' set to 'Prior Authorization' and 'Request Priority' set to '--Select One--'. The 'Diagnosis' section has 'Code Type' set to 'ICD10' and 'Diagnosis' set to 'Diagnosis'. There is an 'Advanced Search' link below the diagnosis field.

8. Request Type

Select the Request that applies to your authorization.

A close-up of the 'Request Type' dropdown menu. The dropdown is open, showing the following options: --Select One-- (selected), Concurrent, Prior Authorization (highlighted), and Retrospective.

9. Request Priority

Select the Request that applies to your preauthorization.
