Dear Primary Care Provider (PCP)/Obstetrician-Gynecologist (OB-GYN) Provider Partner:

Health Plan of San Joaquin/Mountain Valley Health Plan (Health Plan) is pleased to announce the 2024 Provider Incentive Program promoting Quality Care to our members. Program guidelines are described below.

2024 Participation Criteria

To participate in the Provider Incentive Program, practices must maintain a minimum of 50 Health Plan members and remain open to new members the entire calendar year until capacity is reached. OB-GYNs qualify for any applicable quality measure within their scope of practice.

The Quality Measures include Healthcare Effectiveness Data and Information Set (HEDIS) and the Managed Care Accountability Set (MCAS). MCAS are performance measures that the Department of Health Care Services (DHCS) selects for annual reporting for Medi-Cal managed care health plans.

Providers can earn \$75 or \$100 for each qualifying member, based on encounters/claims received for each of the 18 (MCAS) measures below.
