

HIE Grants Incentive Program

Available for HIE & Standard
Data Sharing

Health Plan of San Joaquin/Mountain Valley Health Plan ("Health Plan") has earmarked \$8.775 million in Community Reinvestment funds to bolster data sharing initiatives aimed at strengthening the connection between healthcare providers and the Health Plan-supported Health Information Exchange (HIE). These funds are designed to streamline the integration of healthcare providers into the Health Plan-supported HIE or Standard Data Sharing Templates for treatment, payment and operations.

Traditional/Non-Traditional Providers

The goal of **California's Health and Human Services Data Exchange Framework** will accelerate and expand the exchange of health information among health care entities, government agencies, and social service programs beginning in 2024.

Manifest MEDEX is Health Plan's preferred HIE. It is the largest nonprofit health data network in California and is an integral part of the state's health data infrastructure, combining and delivering health information for more than 37 million Californians across every county in the state.
