# What happens at your child's check-up?

### Your child's provider will:

- Do a physical exam
- Ask about your family's health history
- · Give recommended shots, when needed
- Talk about dental health and, when needed, give your child fluoride varnish and fluoride supplements, and help finding a dentist
- Check your child's hearing and vision
- Discuss important health topics such as development, behaviors, your and your child's mental health, nutrition, sleep, safety, and protecting skin from the sun

### Your child's provider will check for:

- Developmental milestones
- · Lead poisoning
- Anemia, if at risk
- Autism
- Depression screening in new mothers
- Anxiety
- Tuberculosis (TB), if at risk
- Cholesterol, if at risk
- Other health issues or concerns you have

# Medi-Cal for Kids & Teens

Preventive and treatment services from birth to age 21

## **Medi-Cal services** are <u>free</u> for children

### All the care your child needs is free

If your child is enrolled in Medi-Cal, they qualify for free services and supports they need to stay or get healthy from birth to age 21.

This includes check-ups, shots, health screenings, and treatment for physical, mental, and dental health problems.

### Read the check-up timeline below

It's important to take your child for regular check-ups even if they aren't sick. Regular check-ups can help keep your child healthy. They can prevent health problems, and find and address them early.

You can make an appointment any time to talk to a doctor, even if your child just had a check-up. Read the check-up timeline below.

## You can get <u>free</u> transportation to medical appointments

### Plan your child's check-up

Call your managed care plan. Or call the Medi-Cal Member Help Line at **1-800-541-5555** (TDD 1-800-430-7077).
