B. Background Information about Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP's Network Providers

B1. Key terms

This section explains key terms in our Directory.

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, Long-term Services and Supports (LTSS), supplies, drugs, equipment, and other services.
- The term “**providers**” includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment.
 - It also includes LTSS providers that you may use as a Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP member.
 - Providers that are a part of our plan's network are called network providers.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider (PCP)** is a doctor or nurse practitioner who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a referral if you need a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
 - Oncologists care for patients with cancer.
 - Cardiologists care for patients with heart conditions.
 - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **referral** or **prior authorization** for a specialist or someone that isn't your PCP. A **referral** means that your network PCP must give you approval before you can use the other provider. A **prior authorization** is different than a referral. It means that **Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP** network PCP must give you approval **before** we'll cover a specific service, item, or drug or an out-of-network provider. If you don't get a referral or prior authorization, Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP may not cover the service, item, or drug.

- kidney dialysis services that you get at a Medicare-certified dialysis facility when you’re outside the plan’s service area;
- services from a women’s health specialist; or
- flu shots and Medicare covered vaccinations.
- o Additionally, if you’re an American Indian Member, you may receive services from an Indian Health Care Provider without a referral. We must pay the Indian Health Care Provider for those services even if they’re out of our plan’s network.
- o More information on referrals and prior authorization is available in **Chapter 3** of the *Member Handbook*.
- You’ll also be assigned a **Care Team**. Your **Care Team** includes you, your physician(s), pharmacist and Health Plan’s Care Team staff. Everyone on the Care Team works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your Care Team may include:
 - o A **Care Coordinator** that helps you manage your medical providers and services.
 - o Your **Primary Care Provider**

Your Care Team will also help you find other providers of medical, behavioral health, or Long-term Services and Supports (LTSS) if you need a specialist or other health care provider. That way, you’ll get the right provider to help you with your concerns.

B2. Wait times for primary care and behavioral health

We must provide you with access to primary care and behavioral health services within the following timeframes:

- immediately for urgently needed services or an emergency;
- within 7 days for services that aren’t an emergency or urgently needed, but you require medical attention; or
- within 30 days for routine and preventative care.
