B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs (Drug List)*. You can read all the FAQ to learn more or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the "*Drug List*" for short.)

The drugs on the *Drug List* that starts in **Section C** are the drugs covered by Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP. The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as "network pharmacies."

Other drugs, such as some over-the-counter (OTC) medications and certain vitamins, may be covered by Medi-Cal Rx. Please visit the Medi-Cal Rx website (www.medi-calrx.dhcs.ca.gov) for more information. You can also call the Medi-Cal Rx Customer Service Center at 800-977-2273. Please bring your Medi-Cal Beneficiary Identification Card (BIC) when getting prescriptions through Medi-Cal Rx.

- Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP will cover all medically necessary drugs on the *Drug List* if:
    - your doctor or other prescriber says you need them to get better or stay healthy,
    - Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP agrees that the drug is medically necessary for you, **and**
    - you fill the prescription at a Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP network pharmacy.
- In some cases, you have to do something before you can get a drug. Refer to question B4 for more information.

You can also find an up-to-date list of drugs that we cover on our website at www.hpsj-mvhp.org or call Customer Service at the numbers in the footer of this document.

B2. Does the *Drug List* ever change?

Yes, and Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP must follow Medicare and Medi-Cal rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP before you can get a drug.)

- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we'll cover another drug.)

For more information on these drug rules, refer to question B4.

If you're taking a drug that was covered at the **beginning** of the year, we'll generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, or
- we learn that a drug isn't safe, or
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP's up-to-date *Drug List* online at www.hpsj-mvhp.org. Updates to the *Drug List* are posted on the website monthly.
- You can also call Customer Service at the numbers in the footer of this document to check the current *Drug List*.

B3. What happens when there's a change to the *Drug List*?

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions of certain new versions of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug, but your cost for the new drug will remain $0. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.
    - We may not tell you before we make this change, but we'll send you information about the specific change we made once it happens.
    - We can make these changes only if the drug we're adding:
        - is a new generic version of a brand name drug, or
        - is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar

that can be substituted for an original biological product without a new prescription).

- Some of these drug types may be new to you. For more information, refer to **Section B14**.

- You or your provider can ask for an exception from these changes. We'll send you a notice with the steps you can take to ask for an exception. Please refer to questions B10-B12 for more information on exceptions.

- **Remove unsafe drugs and other drugs that are taken off the market.** Sometimes a drug may be found unsafe or taken off the market for another reason. If this happens, we may immediately take it off the *Drug List*. If you're taking the drug, we'll send you a notice after we make the change. The notice will provide you with directions on what to do. For example, you may be asked to call your prescriber.

We may make other changes that affect the drugs you take. We'll tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the *Drug List* when adding a generic drug that isn't new to the market**,** or
- we remove an original biological product when adding a biosimilar, or
- we change the coverage rules or limits for the brand name drug.

When these changes happen, we'll:

- tell you at least 30 days before we make the change to the *Drug List* **or**
- let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there's a similar drug on the *Drug List* you can take instead or
- whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10-B12.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization:** For some drugs, you or your doctor or other prescriber must get authorization from Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP before you fill your prescription. Prior authorization is different from a referral. Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP may not cover the drug if you don't get prior authorization.
- **Quantity limits:** Sometimes Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP limits the amount of a drug you can get.
- **Step therapy:** Sometimes Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP requires you to do step therapy. This means you'll have to try drugs in a certain order for your medical condition. You might have to try one drug before we'll cover another drug. If your prescriber thinks the first drug doesn't work for you, then we'll cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables in **Section C**. You can also get more information by visiting our website at www.hpsj-mvhp.org. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there's a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Refer to questions B10-B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table in the section titled "List of Drugs by Drug Type" has a column labeled "Necessary actions, restrictions, or limits on use."

B6. What happens if Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?

In some cases, we'll tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

B7. How can I find a drug on the *Drug List*?

There are two ways to find a drug:

- you can search alphabetically, **or**
- you can search by drug type.

To search **alphabetically**, look for your drug in the Index of Covered Drugs section. You can find it on page I-1.

To search **by drug type**, find the **Section C1** labeled "List of Drugs by Drug Type". The drugs in this section are grouped into categories by type. For example, if you're taking a medicine for migraines, you should look in the "Antimigraine Agents" category. That's where you'll find drugs that treat migraines.

B8. What if the drug I want to take isn't on the *Drug List*?

If you don't find your drug on the *Drug List*, call Customer Service at the numbers in the footer of this document and ask about it. If you learn that Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP won't cover the drug, you can do one of these things:

- Ask Customer Service for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that's like the one you want to take. **Or**
- Ask Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP to make an exception to cover your drug. Refer to questions B10-B12 for more information about exceptions.

B9. What if I'm a new Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP member and can't find my drug on the *Drug List* or have a problem getting my drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you're a member of Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP. This will give you time to talk to your doctor or other prescriber. They can help you decide if there's a similar drug on the *Drug List* you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we'll allow multiple refills to provide up to a maximum of 30 days of medication.

We'll cover a 30-day supply of your drug if:

- you're taking a drug that isn't on our *Drug List*, **or**
- our plan rules don't let you get the amount ordered by your prescriber, **or**
- the drug requires prior authorization by Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP, **or**
- you're taking a drug that's part of a step therapy restriction.

If you're taking a drug that Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP doesn't consider to be a Part D drug, and the drug isn't on the *Drug List*, and you have a problem getting the drug, it may be covered through Medi-Cal Rx. If a Part D excluded drug requires an exception, and you have an emergency, Medi-Cal Rx will allow no less than 72-hour supply of the drug. Please visit the Medi-Cal Rx website (www.medi-calrx.dhcs.ca.gov) for more information. You can also call the Medi-Cal Rx Customer Service Center at 800-977-2273. Please bring your Medi-Cal BIC when getting prescriptions through Medi-Cal Rx.

If you're in a nursing home or other long-term care facility and need a drug that isn't on the *Drug List* or if you can't easily get the drug you need, we can help. If you've been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We'll cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you're a new Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP member.
- This is in addition to the temporary supply during the first 90 days you're a member of Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP.

If you are transitioning between different levels of care (for example, out of a hospital), Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP will cover a 31-day transition supply of the drug for you to use in your new setting.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP to make an exception to cover a drug that isn't on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP may limit the amount of a drug we'll cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

B11. How can I ask for an exception?

To ask for an exception, call Customer Service. Your Customer Service representative will work with you and your prescriber to help you ask for an exception. You can also read **Chapter 9 Section G** of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we'll give you a decision within 72 hours. If you are asking for an exception, your doctor or prescriber but give us the reasons for the drug exception. We call this the "supporting statement." Your doctor or prescriber can tell us on the phone and fax or mail us a statement at:

- Phone: 1-833-546-0796 (TTY: 711), 7 days a week, 24 hours a day
- Fax: 1-858-790-7100
- Mail: MedImpact
  10181 Scripps Gateway Court
  San Diego, CA 92131

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we'll give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription—depending on state laws.

Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP covers both brand name drugs and generic drugs.

B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products

are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to **Chapter 5** of the *Member Handbook*.

B15. What are OTC drugs?

OTC stands for "over-the-counter". Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP covers some OTC drugs when they're written as prescriptions by your provider.

B16. Does Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP cover non-drug OTC products?

Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP covers some non-drug OTC products when they're written as prescriptions by your provider.

Examples of non-drug OTC products include lancets, alcohol swabs, and insulin syringes.

You can read the Health Plan of San Joaquin/Mountain Valley Health Plan Advantage D-SNP *Drug List* to find out what non-drug OTC products are covered.
